DEPARTMENT OF FISH AND GAME
MARINE RESEARCH COMMITTEE

1 October 1977

The Honorable Edmund G. Brown Jr.
Governor of the State of California
Sacramento, California

Dear Governor Brown:

We have the honor to submit the nineteenth report of the California Cooperative Oceanic Fisheries Investigations.

The report consists of three sections. The first contains a review of the administrative and research activities during the period 1 July 1975 to 30 June 1976, a description of the fisheries, and a list of publications arising from the programs.

The second section consists of papers presented at a Symposium, "The Anchovy Management Challenge," held December 9, 1975. Participants in the Symposium included knowledgeable scientists and resource managers from various parts of the world interested in the management of pelagic fish resources. In particular, Daniel Lluch of the Instituto Nacional de Pesca of Mexico and Robert Kaneen of the California Department of Fish and Game discussed, respectively, the exploitation and conservation of the Northern anchovy as seen from Baja California and California.

The third section consists of scientific contributions that represent research directly pertinent to the living marine resources of California. Some of these were original papers given at the Symposium on Fishery Biology, held in Ensenada, Baja California, Mexico, February 1975.

Respectfully submitted,

MARINE RESEARCH COMMITTEE
Charles R. Carry, Chairman

CONTENTS

I. Review of Activities of 1 July 1975 to 30 June 1976	
Report of the CalCOFI Committee.....	5
Agency Reports.....	6
Review of the Pelagic Wet-Fisheries for 1975	19
Publications	21
II. Symposium of the CalCOFI Conference	
THE ANCHOVY MANAGEMENT CHALLENGE	
La Jolla, California, December 9, 1975	
California's View of Anchovy Management. <i>Robert G. Kaneen</i>	25
The Mexican View of the Basic Research Needs for the Management of the Anchovy Fishery. <i>Daniel Lluch B.</i>	28
Research and Management in Southeast Atlantic Pelagic Fisheries. <i>David L. Cram</i>	33
The Lessons of the Peruvian Anchoveta Fishery. <i>William G. Clark</i>	57
III. Scientific Contributions	
Dwarf Hake Off the Coast of Baja California, Mexico. <i>Andrew M. Vrooman and Pedro A. Paloma</i>	67
Recurrent Group Analysis of Hyperiid Amphipods from the North Pacific Central Gyre. <i>Eric Shulenberger</i>	73
Hidrologia Comparativa de las Bocas de Dos Antiestuarios de Baja California. <i>Saul Alvarez Borrego, Manuel de Jesus Acosta Ruiz, and Jose Ruben Lara Lara</i>	78
Parametros Relacionados con la Productividad Organica Primaria en dos Antiestuarios de Baja California. <i>Saul Alvarez Borrego, Jose Ruben Lara Lara, and Manuel de Jesus Acosta Ruiz</i>	84
Corrientes Geostroficas en el Golfo de California en la Superficie y a 200 Metros, Durante Las Estaciones de Invierno y Verano. <i>Armando Rosas Cota</i>	89
Climatology of Upwelling Related Processes off Baja California. <i>Andrew Bakun and Craig S. Nelson</i>	107
Estimation of the Effects of Environmental Variations on the Eggs and Larvae of the Northern Anchovy. <i>Reuben Lasker and Paul E. Smith</i> ..	128
Behavior and Survival of Northern Anchovy <i>Engraulis mordax</i> larvae. <i>John R. Hunter</i>	138
The Fishery for Northern Anchovy, <i>Engraulis mordax</i> , off California and Baja California in 1975. <i>Humberto Chavez, Silvia Silva, and John S. Sunada</i>	147
